Prorated entry fees for provincials:

History:

Currently CSNS collects \$5.00 per person during the ranking events that goes into the Provincial tournament for that particular class. It was discussed among the players and directors of a need for changing the entrance fees for Provincials. The reasoning for this is to ensure all players in the Provincial tournaments contribute fairly to the added money that is collected during the ranking events.

Decision:

The directors voted unanimously to keep the two game minimum to qualify for Provincials. All players who have played less than 5 CSNS ranking events will pay an extra \$20.00 that will go directly in the Provincial payouts. AAA players may use a combination of AAA and OPEN ranking events to achieve this criteria.

The meeting was adjourned at 11:30 am.
